1 Quarto

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see https://quarto.org.

Shaw et al. (2024)

2 Running Code

When you click the **Render** button a document will be generated that includes both content and the output of embedded code. You can embed code like this:

```
[1] 2
```

Source: Article Notebook

You can add options to executable code like this

```
[1] 4
```

Source: Article Notebook

The `echo: false` option disables the printing of code (only output is displayed).
